7 SEP 1965

MEMORANDUM FOR: Director of Training

SUBJECT : Project [REDACTED]

1. At the Executive Committee Meeting on 2 September we agreed that the Agency would advise the Joint Chiefs of Staff that the fall session of Project [REDACTED] would be postponed and rescheduled at a later date. In the course of discussion about Project [REDACTED], both Des FitzGerald and Bud Wheelon clearly indicated that they were not interested in its continuance. We agreed, however, that we would conduct a study to determine the value and usefulness of such a course to the Agency.

2. Please, in the next several months, conduct a survey of the value of Project [REDACTED]. The DDGI can then decide whether we should continue the course. I suggest that this report be completed by mid-November.
